

WS70 Series Computerized Sphere Based Color Matching Made Easy

For those needing spherical geometry measurement at their paint counter, the WS70 Series offers the solution. All WS70 Series packages feature the Ci4100, the compact sphere countertop spectrophotometer created with improved speed and accuracy of paint formulation with superior measurement performance that results in reduced mis-tints. Also included in the WS70 Series is ColorDesigner PLUS, the versatile color matching software package, that allows for quick and easy color matching for customers. Multiple packages are available with options for computers, monitors and label printers.

WS70 Series

Computerized Sphere Based Color Matching Made Easy

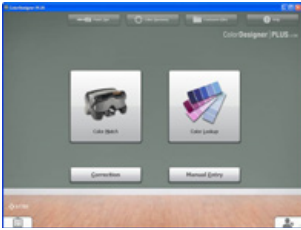

Ci4100

This compact sphere countertop spectrophotometer sets the new standard for performance and features in an easy to use solution for retail paint matching.

- Sphere geometry measurement
- Improved speed & accuracy with a reduction of mis-tints
- Sample targeting with viewing via sample arm
- Built in white calibration standard, no loose parts to misplace
- Rugged design stands up to harsh environments
- Smallest measurement spot in retail paint color matching at 4mm
- Remote trigger for measurement on spectro

ColorDesigner PLUS Software

A customer and retailer friendly color matching software package that produces expert results in flexible, adaptable workflow format. ColorDesigner PLUS expedites and refines the paint selection process, eliminating wasted effort, needless formulation errors and connects to any paint dispenser. And it allows you to mix your customer's colors in the paint product they want. With one efficient package, your paint department becomes a color design center.

- Designed expressly for point of sales applications
- Simplify color searches and matching
- Easy entry of color information
- Choose additional or complementary colors without respecifying the initial color
- Adaptable user workflow
- Customize and save customer paint orders
- Minimize or eliminate formulation errors

Choose the best package for your business
