

Model 9025 – Auto Gyro

MIX QUICKLY
QUIETLY

Welcome to the next level of high-volume mixers. Using a gyroscopic mixing motion, the Auto Gyro heavy duty mixer can handle two gallons or two quarts simultaneously. This versatile machine is also equipped to mix a variety of container sizes, from one quart to 25 liters, and has an automatic pail extractor to help reduce injuries. Other features include:

- Auto clamps onto mixing containers
- Fully enclosed unit with door lock
- Our quietest machine yet – operates at 60 decibels
- Magnetic top plate catches bail automatically
- Low power consumption – draws approximately 2 amps while in use
